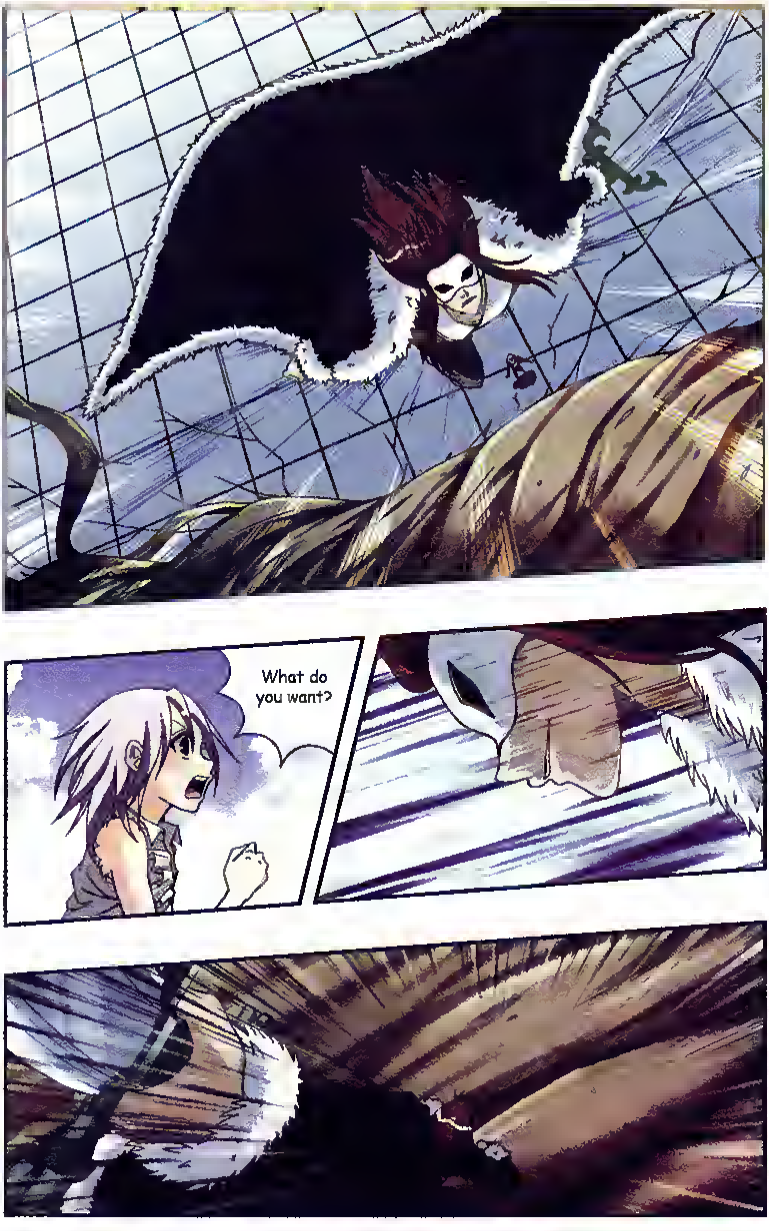
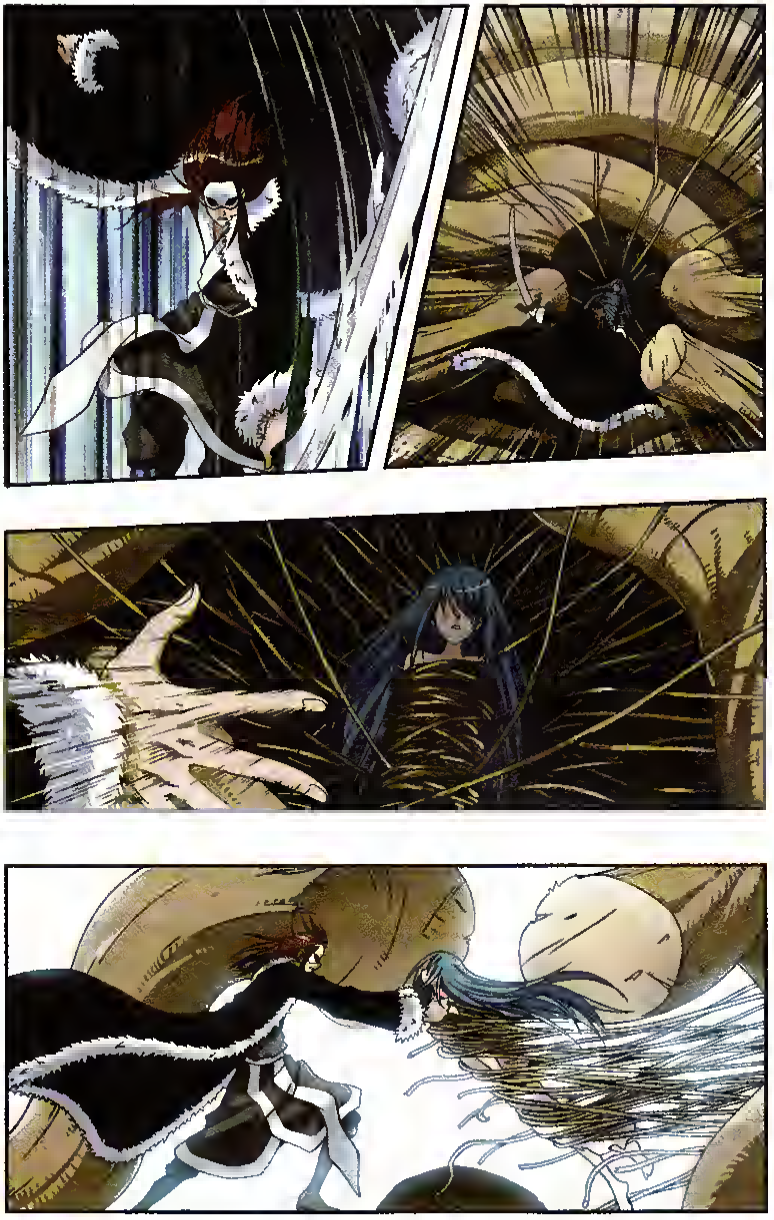
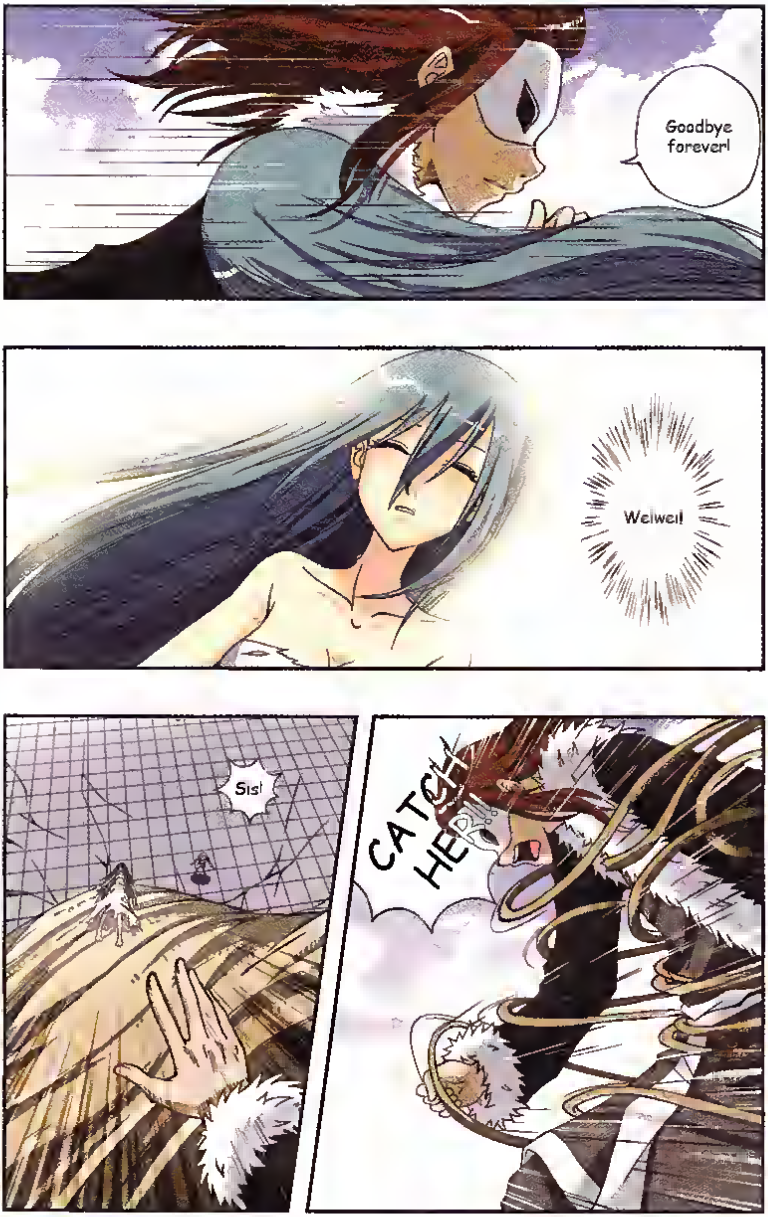
Chapter 190: Blossoming

I don't want you to kill yourself! I want us to be together forever!
What is that...
Sis...

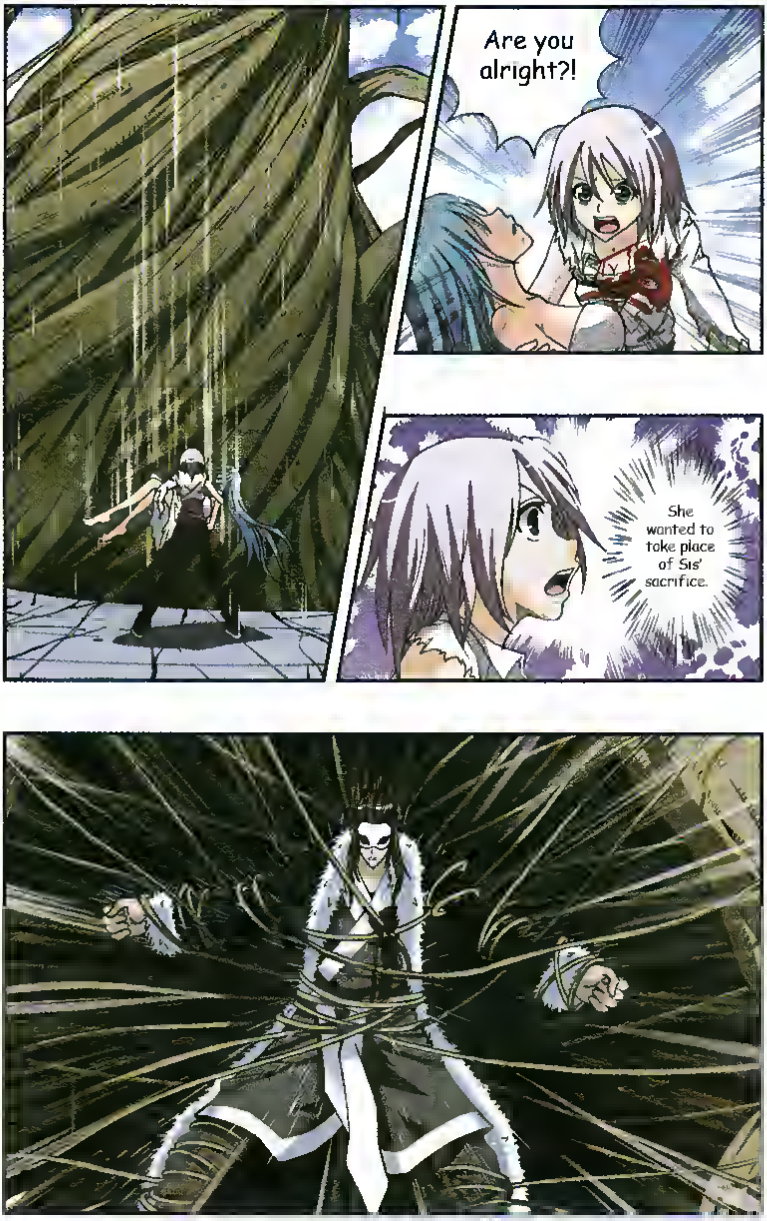


What do you want?





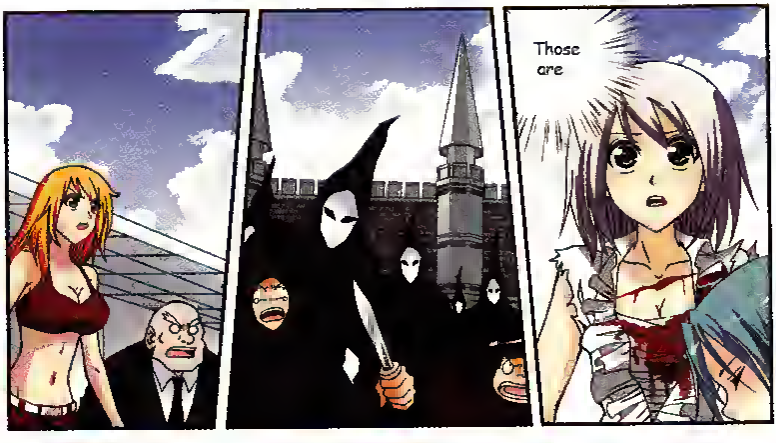
Goodbye forever!
Weiwei
Sis!
CATCH
HE



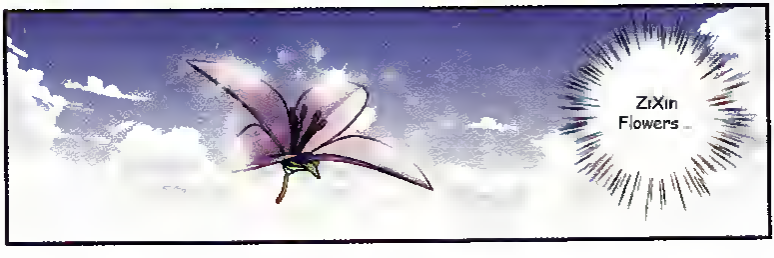
Are you alright?!
She wanted to take place of Sis' sacrifice.

I realize now, this guy decided to sacrifice himself because he thought "Why should I stay to bear all of the guilt?"
I also understand about the Princess, why she chose to sacrifice herself to save Poseidon.
Is this what you call love?
You don't gain anything, you don't have anything, all you are is happy....
And to go so far as to destroy oneself to get it...
Compared to them, I'm just a selfish asshole!
Well, I started this, so I might as well end it.

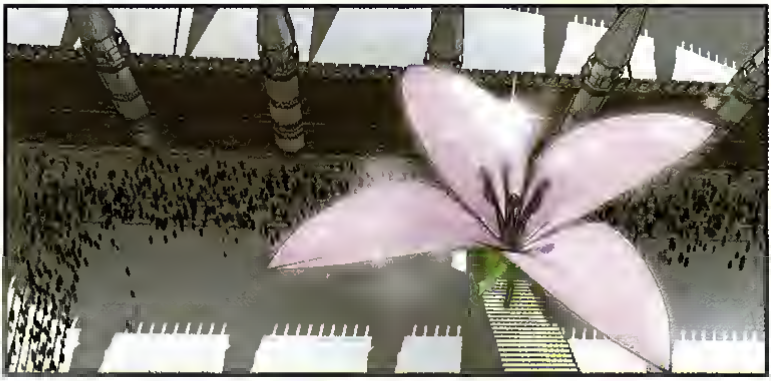
I hope it's not too late...

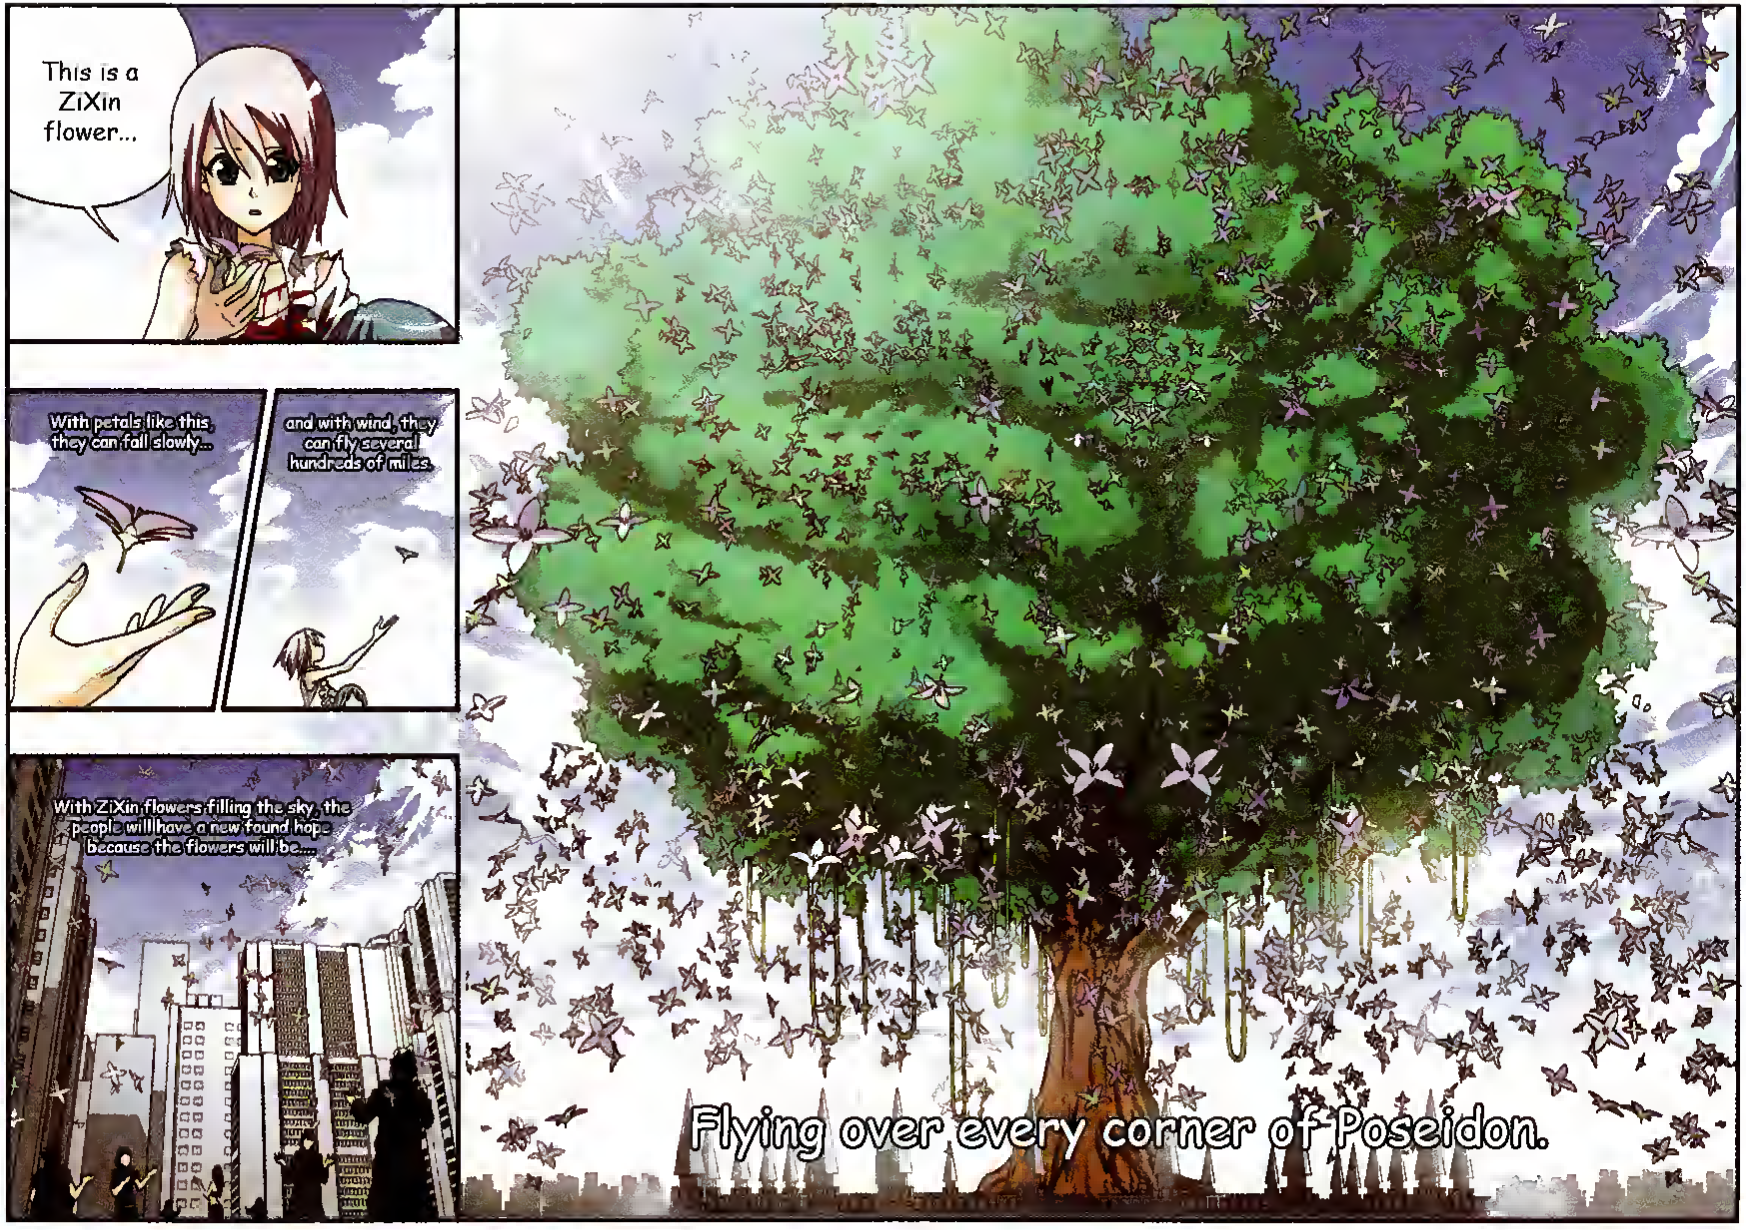


Those are



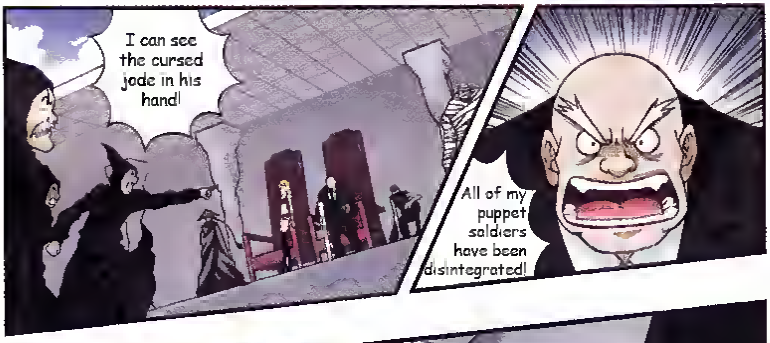
ZiXin Flowers...



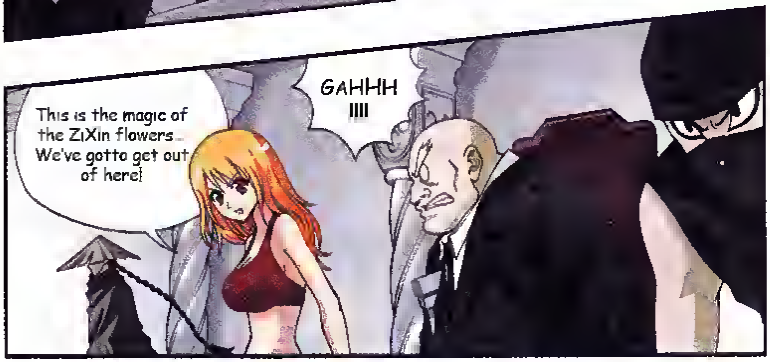


This is a ZiXin flower...
With petals like this, they can fall slowly...
and with wind, they can fly several hundreds of miles.
With ZiXin flowers filling the sky, the people will have a new found hope because the flowers will be....
Flying over every corner of Poseidon.

Mask Magic ...
How is this possible?
We're free!

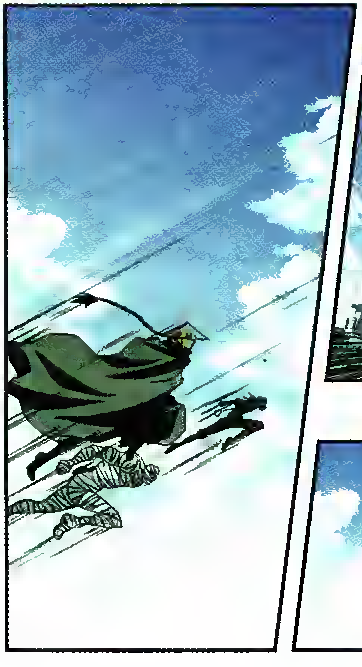


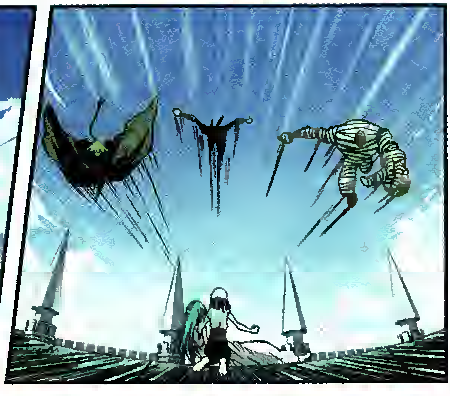
I can see the cursed jade in his hand!
All of my puppet soldiers have been disintegrated!

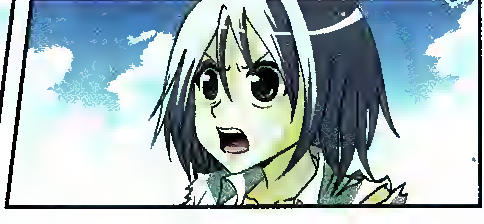


This is the magic of the ZiXin flowers... We've gotta get out of here!
GAHHH !!!!

Grab the princess and we can get the hell out of here!







I won't let you hurt my sister
That throwing star has an anesthetic in it that will knock her out!
Protect the princess!
Charge!
You two, hold them off!
As you wish!
